Policy: The Harbour City Photography Club will use Creative Commons copyright license as a tool to maintain individual copyright while allowing certain uses of club members' images.

Procedures:

1. A creative commons license helps creators to retain copyright while allowing others (for example, our club) to copy , distribute, publish and make use of images for slideshows, etc. all non-commercially.
2. All club members are invited to participate in our photography programs where images can be displayed or published in different ways, including:
 - Club Website
 - SmugMug
 - Shaw TV (HCPC Presents Life Captured)
 - Email distribution by members to members (members@hcpclub.ca)
 - Club meetings
 - Social Media: i.e. Facebook, Instagram, etc.
3. Signing this document allows the club to use your images while at the same time protecting your copyright.

Creative Commons Attribution – Non Commercial License

I wish to participate in publishing my images as per the Creative Commons License. I understand that I retain the copyright to my images and grant the club the right to share, publish, display and generally use my images as long as the club credits me as the creator and does not use the images for commercial purposes.
