Q9 Competitions (judged) have been offered to members through CAPA submissions. The Club has, as well, offered some opportunities; Peoples' Choice and our year end awards. However, most recently, we have NOT had competitions that included adjudication and place winners. Challenges, (not judged and by choice of participation) have been offered through Outings, the President, the digital chair, and Facebook. Would you be interested in increasing the number of club-based competitions whereby judges evaluate and award first, second, and third place winners?
